Total Personnel Requested:	95,26
Total On-Site FTE's:	1.00
Total Off-Site FTE's:	

- 1. Current personnel added by the budget analyst
 - a. Program area: Use the "Comments" column to note any changes or errors in the information supplied by the budget analyst regarding current personnel
- b. Program area: Be mindful that if a change is requested to "% time", it is critical that an employee's total funding across all cost objectives add up to 100%.

 2. Vacancies to be added by the program to complete approved organizational chart
- - a. Add the FY19 anticipated SALARY ONLY. Be sure to include the new rates after the legislated state employee raises. 50% fringe rate is calculated automatically.
- 3. Vacancies should only be added to the point that total requested budget from the "Summary" tab does not exceed total revenue.
 - a. This will help determine which vacancies can be refilled entering into FY19 from a budget standpoint.
- 4. The "On/Off" column is for noting if the employee is On-Site (Central Office) or Off-Site (County).
 - a. This will be used in calculating the Allocated Data costs in the "Other" tab. There are separate rates for on-site and off-site in FY19.
 - b. Type "ON" or "OFF" into the On/Off column for the formula to work correctly
